Practice Areas
With a solid academic foundation in economic law and over two decades of experience in legal education, training, and research, Assoc. Prof. Dr. Nguyen Thi Hong Nhung has established herself as a leading scholar in Intellectual Property Law, Contract Law, Civil Procedure Law, and Labor Law. Over the past five years, she has actively contributed to both national and international legal discourse through numerous publications. Her work explores contemporary and emerging issues such as artificial intelligence, cryptocurrency, transgender rights, case law development, and civil procedure reform. She also serves as editor of several monographs and specialized research volumes, with a particular focus on case law, digital copyright, and labor law.
